

SMD Unpaid Academic Internship and Shadowing Program
Obligations of Adult Supervisors of Interns Under 18
Training Compliance Form

For interns and shadows under 18 years of age, the *Obligations of Adult Supervisors of Interns Under 18 Training Compliance Form* must be submitted in conjunction with the **Application Form** and the **Parental Consent Form**.

All adult supervisors of interns and shadows under 18 are required to complete training by completing the course, *Programs for Minors and Children: Minimal Standards* via [MyPath](#).

Adult supervisors include the intern/shadow's Advisor(s) and any delegates that may supervise the intern/shadow.

My signature below indicates (1) that I have completed *and* understand the *Programs for Minors and Children: Minimal Standards*, including the section on **Behavioral Boundaries for Interacting with Minors** and (2) my understanding that I am obligated to report suspected sexual abuse/molestation, physical or emotional abuse. If I have a reasonable basis to believe that a minor participant is or may be the victim of sexual abuse/molestation or physical or emotional abuse, I must report that concern as soon as possible to my immediate supervisor and/or the SMD Academic Internship and Shadowing Program's administrator. Alternatively, I may report the concern directly to University Security, Human Resources and/or to the Office of Counsel.
