## New York State Department of Health Certificate of Need Application

Acknowledgement and Attestation

I hereby certify, under penalty of perjury, that I am duly authorized to subscribe and submit this application on behalf of the applicant: Strong Memorial Hospital Facility Id. 413

I further certify that the information contained in this application and its accompanying schedules and attachments are accurate, true and complete in all material respects. I acknowledge and agree that this application will be processed in accordance with the provisions of articles 28, 36 and 40 of the public health law and implementing regulations, as applicable.

Upload as an attachment to Schedule 1, the list of facilities/agencies referenced above, in the format depicted below:

Facility Type	Facility Name	Operating Certificate	Facility ID (PFI)
		or License Number	

#### Out-of-State Affiliated Facilities/Agencies

In addition to in-state facilities, please upload, as an attachment to Schedule 1, a list of all health care, adult care, behavioral, or mental health facilities, programs or agencies located outside New York State that are affiliated with the applicant legal entity, as well as with parent, member and subsidiary corporations, in the format depicted below.

Facility Type	Name	Address	State/Country	Services Provided

In conjunction with this list, you will need to provide documentation from the regulatory agency in the state(s) where affiliations are noted, reflecting that the facilities/programs/agencies have operated in substantial compliance with applicable codes, rules and regulations for the past ten (10) years (or for the period of the affiliation, whichever is shorter). More information regarding this requirement can be found in Schedule 2D.

# Schedule 5 Working Capital Plan

#### **Contents:**

o Schedule 5 - Working Capital Plan

#### **Working Capital Financing Plan**

#### 1. Working Capital Financing Plan and Pro Forma Balance Sheet:

This section should be completed in conjunction with Schedule 13. The general guidelines for working capital requirements are two months of first year expenses for changes of ownership and two months of third year expenses for new establishments, construction projects or when the first year budget indicates a net operating loss. Any deviation from these guidelines must be supported by the monthly cash flow analysis. If working capital is required for the project, all sources of working capital must be indicated clearly. Borrowed funds are limited to 50% of total working capital requirements and cannot be a line of credit. Terms of the borrowing cannot be longer than 5 years or less than 1 year. If borrowed funds are a source of working capital, please summarize the terms below, and attach a letter of interest from the intended source of funds, to include an estimate of the principal, term, interest rate and payout period being considered. Also, describe and document the source(s) of working capital equity.

Titles of Attachments Related to Borrowed Funds	Filenames of Attachments
Example: First borrowed fund source	Example: first_bor_fund.pdf
n/a	n/a

In the section below, briefly describe and document the source(s) of working capital equity	
n/a	

### New York State Department of Health Certificate of Need Application

#### Schedule 5

#### 2. Pro Forma Balance Sheet

This section should be completed for all new establishment and change in ownership applications. On a separate attachment identified below, provide a pro forma (opening day) balance sheet. If the operation and real estate are to be owned by separate entities, provide a pro forma balance sheet for each entity. Fully identify all assumptions used in preparation of the pro forma balance sheet. If the pro forma balance sheet(s) is submitted in conjunction with a change in ownership application, on a line-by-line basis, provide a comparison between the submitted pro forma balance sheet(s), the most recently available facility certified financial statements and the transfer agreement. Fully explain and document all assumptions.

# Schedule 6 Architectural/Engineering Submission

#### **Contents:**

o Schedule 6 - Architectural/Engineering Submission

### Architectural Submission Requirements for Contingent Approval and Contingency Satisfaction

Schedule applies to all projects with construction, including Articles 28 & 40, i.e., Hospitals, Diagnostic and Treatment Centers, Residential Health Care Facilities, and Hospices.

#### Instructions

- Provide Architectural/Engineering Narrative using the format below.
- Provide Architect/Engineer Certification form:
  - Architect's Letter of Certification for Proposed Construction or Renovation for Projects That Will Be Self-Certified. Self-Certification Is Not an Option for Projects over \$15 Million, or Projects Requiring a Waiver (PDF)
  - Architect's Letter of Certification for Proposed Construction or Renovation Projects to Be Reviewed by DOH or DASNY. (PDF) (Not to Be Submitted with Self-Certification Projects)
  - o Architect's Letter of Certification for Completed Projects (PDF)
  - o Architect's or Engineer's Letter of Certification for Inspecting Existing Buildings (PDF)
- Provide FEMA BFE Certificate. Applies only to Hospitals and Nursing Homes.
  - o FEMA Elevation Certificate and Instructions.pdf
- Provide Functional Space Program: A list that enumerates project spaces by floor indicating size by gross floor area and clear floor area for the patient and resident spaces.
- For projects with imaging services, provide Physicist's Letter of Certification and Physicist's Report including drawings, details and supporting information at the design development phase.
  - o Physicist's Letter of Certification (PDF)
- Provide Architecture/Engineering Drawings in PDF format created from the original electronic files; scans from printed drawings will not be accepted. Drawing files less than 100 MB, and of the same trade, may be uploaded as one file.
  - NYSDOH and DASNY Electronic Drawing Submission Guidance for CON Reviews
  - o DSG-1.0 Schematic Design & Design Development Submission Requirements
- Refer to the Required Attachment Table below for the Schematic Design Submission requirements for Contingent Approval and the Design Development Submission requirements for Contingency Satisfaction.
  - o Attachments must be labeled accordingly when uploading in NYSE-CON.
  - Do not combine the Narrative, Architectural/Engineering Certification form and FEMA BFE Certificate into one document.
  - If submitted documents require revisions, provide an updated Schedule 6 with the revised information and date within the narrative.

#### **Architecture/Engineering Narrative**

Narrative shall include but not limited to the following information. Please address all items in the narrative including items located in the response column. Incomplete responses will not be accepted.

Project Description		
Schedule 6 submission date: 5/31/2024	Revised Schedule 6 submission date: Click to enter a date.	
Does this project amend or supersede prior CON approvals or a pending application? <b>No</b> If so, what is the original CON number? Click here to enter text.		
Intent/Purpose: To convert a portion of the second floor of the 1972 building at St. John's Home into an outpatient dialysis facility		
Site Location: 150 Highland Ave, Rochester, NY 14620		

Schedule 6

Brief description of current facility, including facility type: Nursing Home, I-2 Occupancy Click here to enter text. Brief description of proposed facility: A portion of the second floor of the 1972 building at St. John's Home is to be renovated into an outpatient dialysis center Location of proposed project space(s) within the building. Note occupancy type for each occupied space. Project area is a portion of the nursing home's 2<sup>nd</sup> floor of the 1972 building. The existing occupancy is I-2 and the project area occupancy is B Indicate if mixed occupancies, multiple occupancies and or separated occupancies. Describe the required smoke and fire separations between occupancies: 2 hour separation between the project's Business occupancy and the existing I-2 occupancy If this is an existing facility, is it currently a licensed Article 28 facility? Yes Is the project space being converted from a non-Article 28 space to an Article 28 No space? Relationship of spaces conforming with Article 28 space and non-Article 28 space: **Entire building is Article 28** List exceptions to the NYSDOH referenced standards. If requesting an exception, note each on the Architecture/Engineering Certification form under item #3. **FGI 2018** Does the project involve heating, ventilating, air conditioning, plumbing, electrical, Yes water supply, and fire protection systems that involve modification or alteration of clinical space, services or equipment such as operating rooms, treatment, procedure rooms, and intensive care, cardiac care, other special care units (such as airborne infection isolation rooms and protective environment rooms), laboratories and special procedure rooms, patient or resident rooms and or other spaces used by residents of residential health care facilities on a daily basis? If so, please describe below. Existing heating, ventilating and air conditioning systems will be modified to serve the rooms within the project space. Electrical receptacles, lighting, and equipment connections will be modified within project area. Existing plumbing system will be modified to serve new toilet rooms and hand sinks within the project area.

Provide brief description of the existing building systems within the proposed space and overall building systems, including HVAC systems, electrical, plumbing, etc.

The building heat source system is 3 natural gas fired firetube hot water boilers with power burners. There is a water cooled chiller and (2) central station air handling units. Existing water service is a 6" with a 6" meter and isolating valving. Domestic hot water is generated by gas fired units. The building has a separate fire protection water service. The building is supplied by three phase four wire secondary unit substation in the basement. The building has a generator.

Describe scope of work involved in building system upgrades and or replacements, HVAC systems, electrical, Sprinkler, etc.

The project will include a roof mounted DOAS unit with supply and exhaust fan sections, DX cooling section with modulating hot gas reheat, enthalpy heat recovery wheel, hot water coil section, MERV 13 filter sections and access section. There will be concealed fan coil units as well as radiant ceiling panels. There will also be a new roof mounted exhaust fan. Water, sanitary, and vent systems will connect to existing risers. A 2" connection will be made to the main water piping down stream of the booster system in the basement to accommodate the RO system. Dialysis wall box drains to be routed to a neutralizing tank in the basement and then to the building main sanitary line. The existing fire protection system will be modified to accommodate the new layout in accordance with NFPA 13. Existing normal power branch circuit panelboard to be reused for project area. The RO system and some equipment will be on emergency power. The area will receive new LED lighting.

Describe existing and or new work for fire detection, alarm, and communication systems:

The existing fire alarm system main will be reused and new detection and notification devices installed at the project area. Low voltage cabling will be entirely new as part of the project.

Page 3

## New York State Department of Health Certificate of Need Application

If a hospital or nursing home located in a flood zone, provide a FEMA BFE Certificate from <u>www.fema.gov</u>, and describe the work to mitigate damage and maintain operations during a flood event. **N/A** 

Does the project contain imaging equipment used for diagnostic or treatment purposes? If yes, describe the equipment to be provided and or replaced. Ensure physicist's letter of certification and report are submitted.

N/A

Does the project comply with ADA? If no, list all areas of noncompliance.

Yes

Project Work Area	Response
Type of Work	Alteration
Square footages of existing areas, existing floor and or existing building.	2 <sup>nd</sup> floor: 18,717 SF
Square footages of the proposed work area or areas.	Approx. 6,900 SF
Provide the aggregate sum of the work areas.	
Does the work area exceed more than 50% of the smoke compartment, floor or	Exceeds 50% of the
building?	smoke compartment
Sprinkler protection per NFPA 101 Life Safety Code	Sprinklered throughout
Construction Type per NFPA 101 Life Safety Code and NFPA 220	Type 1 (332)
Building Height	70'-0"
Building Number of Stories	7
Which edition of FGI is being used for this project?	2018 Edition of FGI
Is the proposed work area located in a basement or underground building?	Not Applicable
Is the proposed work area within a windowless space or building?	No
Is the building a high-rise?	No
If a high-rise, does the building have a generator?	Not Applicable
What is the Occupancy Classification per NFPA 101 Life Safety Code?	Chapter 38 New
	Business Occupancy
Are there other occupancy classifications that are adjacent to or within this	Yes
facility? If yes, what are the occupancies and identify these on the plans.	
I-2 Nursing Home	
Will the project construction be phased? If yes, how many phases and what is the duration for each phase? Click here to enter text.	No
Does the project contain shell space? If yes, describe proposed shell space	No
and identify Article 28 and non-Article 28 shell space on the plans.	
Click here to enter text.	
Will spaces be temporarily relocated during the construction of this project? If	
yes, where will the temporary space be? Click here to enter text.	No
Does the temporary space meet the current DOH referenced standards? If no,	No
describe in detail how the space does not comply.	
Click here to enter text.	
Is there a companion CON associated with the project or temporary space?	No
If so, provide the associated CON number. Click here to enter text.	
Will spaces be permanently relocated to allow the construction of this project?	No
If yes, where will this space be? Click here to enter text.	No
Changes in bed capacity? If yes, enumerate the existing and proposed bed	Not Applicable
capacities. Click here to enter text.	
Changes in the number of occupants?	
If yes, what is the new number of occupants? 69 occupants at new B	Yes
occupancy	
Does the facility have an Essential Electrical System (EES)?	Yes
If yes, which EES Type? Click here to enter text.	
If an existing EES Type 1, does it meet NFPA 99 -2012 standards?	No

## **New York State Department of Health Certificate of Need Application**

#### Schedule 6

Does the existing EES system have the capacity for the additional electrical loads? Click here to enter text.	No
Does the project involve Operating Room alterations, renovations, or rehabilitation? If yes, provide brief description.	No
Click here to enter text.	
Does the project involve Bulk Oxygen Systems? If yes, provide brief description.	Not Applicable
Click here to enter text.	
If existing, does the Bulk Oxygen System have the capacity for additional loads	Not Applicable
without bringing in additional supplemental systems?	
Does the project involve a pool?	No

### CONSTRUCTION PROJECT CERTIFICATION LETTER FOR AER REVIEWS ARCHITECTS & ENGINEERS

(For projects not meeting the prerequisites for Self-Certification submission.)

Date: 5/31/2024 CON Number:

Facility Name: Outpatient Dialysis Clinic

Facility ID Number:

Facility Address: 150 Highland Avenue, Rochester, NY 14620,

Monroe County

NYS Department of Health/Office of Health Systems Management Center for Health Care Facility Planning, Licensure, and Finance

Bureau of Architectural and Engineering Review

ESP, Corning Tower, 18th Floor Albany, New York 12237

To The New York State Department of Health:

#### I hereby certify that:

- I have been retained by the aforementioned facility, to provide professional architectural/engineering services related to the
  design and preparation of construction documents, including drawings and specifications for the aforementioned project.
  During the course of construction, periodic site observation visits will be performed, and the necessary standard of care,
  noting progress, quality and ensuring conformance of the work with documents provided for all regulatory approvals
  associated with the aforementioned project.
- I have ascertained that, to the best of my knowledge, information and belief, the completed structure will be designed and
  constructed, in accordance with the functional program for the referenced construction project and in accordance with any
  project definitions, waivers or revisions approved or required by the New York State Department of Health.
- The above-referenced construction project will be designed and constructed in compliance with all applicable local codes, statutes, and regulations, and the applicable provisions of the State Hospital Code -- 10 NYCRR Part 711 (General Standards for Construction) and Parts (check all that apply):
  - a. X 712 (Standards of Construction for General Hospital Facilities)
  - 5. \_\_713 (Standards of Construction for Nursing Home Facilities)
  - \_\_714 (Standards of Construction for Adult Day Health Care Program Facilities)
  - d. \_\_715 (Standards of Construction for Freestanding Ambulatory Care Facilities)
  - e. \_\_716 (Standards of Construction for Rehabilitation Facilities)
  - f. \_\_717 (Standards of Construction for New Hospice Facilities and Units)

PLEASE NOTE ANY EXCEPTIONS HERE: FGI Guidelines 2018

4. I understand that as the design of this project progresses, if a component of this project is inconsistent with the State Hospital Code (10 NYCRR Parts 711, 712, 713, 714, 715, 716, or 717), I shall bring this to the attention of the Bureau of Architecture and Engineering Review (BAER) of the New York State Department of Health prior to or upon submitting final drawings for compliance resolution.

ARCHITECTURAL AND ENGINEERING LETTER OF CERTIFICATION

with applicable requirements of 10 NYCRR Parts 711, 712, 713, 714, 715, 716 and 717, when the prior work was not completed properly as certified herein, may not be considered allowable costs for reimbursement under 10 NYCRR Part 86. This certification is being submitted to facilitate the CON review and subsequent to formal plan approval by your office. It is understood that an electronic copy of final Construction Documents on CD, meeting the requirements of DSG-05 must be submitted to PMU for all projects, including limited, administrative, full review, self-certification and reviews performed and completed by DASNY. Project Name: Outpatient Dialysis Clinic Location: 150 Highland Ave, Rochester, NY 14620, Monroe County Renovation of a portion of the 2nd floor at St. John's Description: Home into an outpatient dialysis facility Architectural or Engineering Professional Signature of Architect or Engineer James Woodcock Name of Architect or Engineer (Print) 030712 Professional New York State License Number 85 Allen St., Suite 210, Rochester, NY 14608 **Business Address** The undersigned applicant understands and agrees that, notwithstanding this architectural/engineering certification the Department of Health shall have continuing authority to (a) review the plans submitted herewith and/or inspect the work with regard thereto, and (b) withdraw its approval thereto. The applicant shall have a continuing obligation to make any changes required by the Division to comply with the above- mentioned codes and regulations, whether or not physical plant construction or alterations have been completed. Authorized Signature for Applicant lame (Print) Notary signing required for the applicant STATE OF NEW YORK ) SS: County of MINNE On the 22nd day of May 2024, before me personally appeared to me known, who being by me duly sworn, did depose and say that he/she is the of the memoral Husayal , the facility described herein which executed the foregoing instrument; and that he/ she signed his/her name thereto by order of the governing authority of said facility.

### Schedule LRA 4/Schedule 7 CON Forms Regarding Environmental issues

**Contents:** 

Schedule LRA 4/Schedule 7 - Environmental Assessment

Enviror	nmental Assessment		
Part I.	The following questions help determine whether the project is "significant" from an environmental standpoint.	Yes	No
1.1	If this application involves establishment, will it involve more than a change of name or ownership only, or a transfer of stock or partnership or membership interests only, or the conversion of existing beds to the same or lesser number of a different level of care beds?		$\boxtimes$
1.2	Does this plan involve construction and change land use or density?		
1.3	Does this plan involve construction and have a permanent effect on the environment if temporary land use is involved?		$\boxtimes$
1.4	Does this plan involve construction and require work related to the disposition of asbestos?		$\boxtimes$
Part II.	If any question in Part I is answered "yes" the project may be significant, and Part II must be completed. If all questions in Part II are answered "no" it is likely that the project is not significant	Yes	No
2.1	Does the project involve physical alteration of ten acres or more?		$\boxtimes$
2.2	If an expansion of an existing facility, is the area physically altered by the facility expanding by more than 50% and is the total existing and proposed altered area ten acres or more?		$\boxtimes$
2.3	Will the project involve use of ground or surface water or discharge of wastewater to ground or surface water in excess of 2,000,000 gallons per day?		
2.4	If an expansion of an existing facility, will use of ground or surface water or discharge of wastewater by the facility increase by more than 50% and exceed 2,000,000 gallons per day?		
2.5	Will the project involve parking for 1,000 vehicles or more?		$\boxtimes$
2.6	If an expansion of an existing facility, will the project involve a 50% or greater increase in parking spaces and will total parking exceed 1000 vehicles?		$\boxtimes$
2.7	In a city, town, or village of 150,000 population or fewer, will the project entail more than 100,000 square feet of gross floor area?		$\boxtimes$
2.8	If an expansion of an existing facility in a city, town, or village of 150,000 population or fewer, will the project expand existing floor space by more than 50% so that gross floor area exceeds 100,000 square feet?		$\boxtimes$
2.9	In a city, town or village of more than 150,000 population, will the project entail more than 240,000 square feet of gross floor area?		$\boxtimes$
2.10	If an expansion of an existing facility in a city, town, or village of more than 150,000 population, will the project expand existing floor space by more than 50% so that gross floor area exceeds 240,000 square feet?		$\boxtimes$
2.11	In a locality without any zoning regulation about height, will the project contain any structure exceeding 100 feet above the original ground area?		$\boxtimes$
2.12	Is the project wholly or partially within an agricultural district certified pursuant to Agriculture and Markets Law Article 25, Section 303?		$\boxtimes$
2.13	Will the project significantly affect drainage flow on adjacent sites?		$\boxtimes$

2.14	Will the project affect any threatened	or endangered plants or animal species?	П	
2.15	Will the project result in a major adverse effect on air quality?			
2.16	Will the project have a major effect on visual character of the community or scenic views or vistas known to be important to the community?			$\boxtimes$
2.17	Will the project result in major traffic p transportation systems?	problems or have a major effect on existing		$\boxtimes$
2.18	Will the project regularly cause objectionable odors, noise, glare, vibration, or electrical disturbance as a result of the project's operation?			$\boxtimes$
2.19	Will the project have any adverse imp	act on health or safety?		$\boxtimes$
2.20		nmunity by directly causing a growth in ve percent over a one-year period or have a r of the community or neighborhood?		$\boxtimes$
2.21	Is the project wholly or partially within, or is it contiguous to any facility or site listed on the National Register of Historic Places, or any historic building, structure, or site, or prehistoric site, that has been proposed by the Committee on the Registers for consideration by the New York State Board on Historic Preservation for recommendation to the State Historic Officer for nomination for inclusion in said National Register?			$\boxtimes$
2.22	Will the project cause a beneficial or adverse effect on property listed on the National or State Register of Historic Places or on property which is determined to be eligible for listing on the State Register of Historic Places by the Commissioner of Parks, Recreation, and Historic Preservation?			$\boxtimes$
2.23	Is this project within the Coastal Zone as defined in Executive Law, Article 42? If Yes, please complete Part IV.			$\boxtimes$
Part III.			Yes	No
	Are there any other state or local age fill in Contact Information to Question	ncies involved in approval of the project? If so, 3.1 below.		$\boxtimes$

Part IV.	Storm and Flood Mi	tigation			
1 0.10111	Definitions of FEMA F		gnations		
	Flood zones are geoglevels of flood risk. The	raphic areas tha ese zones are o lood Hazard Bo	det the FEMA has defined according to varying depicted on a community's Flood Insurance bundary Map. Each zone reflects the severity or		
		•	tions scale below as a guide to answering all ct location, flood and or evacuation zone.	Yes	No
	Is the proposed site lo provide the Elevation (		plain? If Yes, indicate classification below and I/A Flood Insurance).		$\boxtimes$
	Moderate to Low Ris	k Area		Yes	No
	Zone Description				
4.1	In communities that pa property owners and r		NFIP, flood insurance is available to all zones:		
	Area of moderate flood hazard, usually the area between the limits of the 100-year and 500-year floods. Are also used to designate base floodplains of lesser hazards, such as areas protected by levees from 100-year flood, or shallow flooding areas with average depths of less than one foot or drainage areas less than 1 square mile.				

C and X	Area of minimal flood hazard, usually depicted on FIRMs as above the 500-year flood level.		
High Risk Areas			No
Zone	Description		
In communities that prequirements apply to	participate in the NFIP, mandatory flood insurance purchase all these zones:		
Α	Areas with a 1% annual chance of flooding and a 26% chance of flooding over the life of a 30-year mortgage. Because detailed analyses are not performed for such areas; no depths or base flood elevations are shown within these zones.		
AE	The base floodplain where base flood elevations are provided. AE Zones are now used on new format FIRMs instead of A1-A30.		
A1-30	These are known as numbered A Zones (e.g., A7 or A14). This is the base floodplain where the FIRM shows a BFE (old format).		
АН	Areas with a 1% annual chance of shallow flooding, usually in the form of a pond, with an average depth ranging from 1 to 3 feet. These areas have a 26% chance of flooding over the life of a 30-year mortgage. Base flood elevations derived from detailed analyses are shown at selected intervals within these zones.		
АО	River or stream flood hazard areas, and areas with a 1% or greater chance of shallow flooding each year, usually in the form of sheet flow, with an average depth ranging from 1 to 3 feet. These areas have a 26% chance of flooding over the life of a 30-year mortgage. Average flood depths derived from detailed analyses are shown within these zones.		
AR	Areas with a temporarily increased flood risk due to the building or restoration of a flood control system (such as a levee or a dam).  Mandatory flood insurance purchase requirements will apply, but rates will not exceed the rates for unnumbered A zones if the structure is built or restored in compliance with Zone AR floodplain management regulations.		
A99	Areas with a 1% annual chance of flooding that will be protected by a Federal flood control system where construction has reached specified legal requirements. No depths or base flood elevations are shown within these zones.		
High Risk Coastal A		Yes	N
Zone	Description (feedback)		<u> </u>
In communities that prequirements apply to	participate in the NFIP, mandatory flood insurance purchase all these zones:		
Zone V	Coastal areas with a 1% or greater chance of flooding and an additional hazard associated with storm waves. These areas have a 26% chance of flooding over the life of a 30-year mortgage. No base flood elevations are shown within these zones.		
VE V4 20	Coastal areas with a 1% or greater chance of flooding and an additional hazard associated with storm waves. These areas have a 26% chance of flooding over the life of a 30-year mortgage. Base flood elevations derived from detailed analyses are shown at selected intervals within these zones.		
VE, V1 - 30	from detailed analyses are shown at selected intervals within these zones.		
Undetermined Risk		Yes	N

	D	Areas with possible but undetermined flood hazards. No flood hazard analysis has been conducted. Flood insurance rates are commensurate with the uncertainty of the flood risk.		
	Are you in a designated evacuation zone?			$\boxtimes$
4.2	If Yes, the Elevation Certificate (FEMA Flood Insurance) shall be submitted with the application.			
	If yes which zone is the site located in?			
	Does this project reflect the post Hurricane Lee, and or Irene, and Superstorm Sandy mitigation standards?			$\boxtimes$
4.3	If Yes, which	100 Year		
	floodplain?	500 Year		

The Elevation Certificate provides a way for a community to document compliance with the community's floodplain management ordinance.

FEMA **Elevation\_Certificate\_**and Instructions

# New York State Department of Health Certificate of Need Application Schedule 8A Summarized Project Cost and Construction Dates

This schedule is required for all Full or Administrative review applications except Establishment-Only applications.

#### 1.) Project Cost Summary data:

	Total	Source
Project Description:		
Project Cost	\$11,394,725	Schedule 8b, column C, line 8
Total Basic Cost of Construction	\$11,394,725	Schedule 8B, column C, line 6
Total Cost of Moveable Equipment	\$1,147,216	Schedule 8B, column C, line 5.1
Cost/Per Square Foot for New Construction	n/a	Schedule 10
Cost/Per Square Foot for Renovation Construction	\$1,128	Schedule10
Total Operating Cost	\$3,225,830	Schedule 13C, column B

# Schedule 9 Project Financing

#### **Contents:**

o Schedule 9 - Proposed Plan for Project Financing

#### **New York State Department of Health Certificate of Need Application**

#### **Schedule 9 Proposed Plan for Project Financing:**

I. Summary of Proposed Financial plan
Check all that apply and fill in corresponding amounts.

Туре	Amount
A. Lease	\$
B. Cash	\$11430909
C. Mortgage, Notes, or Bonds	\$
D. Land	\$
E. Other	\$
F. Total Project Financing (Sum A to E) (equals line 10, Column C of Sch. 8b)	\$11430909

If refinancing is used, please complete area below.

Refinancing	\$
Total Mortgage/Notes/Bonds (Sum E + Refinancing)	\$

#### II. Details

#### A. Leases

	N/A	Title of Attachment
List each lease with corresponding cost as if purchased each leased item. Breakdown each lease by total project cost and subproject costs, if applicable.	$\boxtimes$	
2. Attach a copy of the proposed lease(s).		Lease
3. Submit an affidavit indicating any business or family relationships between principals of the landlord and tenant.	$\boxtimes$	
4. If applicable, provide a copy of the lease assignment agreement and the Landlord's consent to the proposed lease assignment.	$\boxtimes$	
5. If applicable, identify separately the total square footage to be occupied by the Article 28 facility and the total square footage of the building.	$\boxtimes$	
6. Attach two letters from independent realtors verifying square footage rate.		Letters
7. For all capital leases as defined by FASB Statement No. 13, "Accounting for Leases", provide the net present value of the monthly, quarterly or annual lease payments.	$\boxtimes$	

## New York State Department of Health Certificate of Need Application

#### B. Cash

Туре	Amount
Accumulated Funds	\$11430909
Sale of Existing Assets	\$
Gifts (fundraising program)	\$
Government Grants	\$
Other	\$
TOTAL CASH	\$11430909

	N/A	Title of Attachment
1. Provide a breakdown of the sources of cash. See sample table above.	$\boxtimes$	
2. Attach a copy of the latest certified financial statement and current internal financial reports to cover the balance of time to date. If applicable, address the reason(s) for any operational losses, negative working capital and/or negative equity or net asset position and explain in detail the steps implemented to improve operations.		
In establishment applications for Residential Health Care Facilities, attach a copy of the latest certified financial statement and current internal financial reports to cover the balance of time to date for the subject facility and all affiliated Residential Health Care Facilities. If applicable, address the reason(s) for any operational losses, negative working capital and/or negative equity or net asset position and explain in detail the steps implemented (or to be implemented in the case of the subject facility) to improve operations.		SMH Financials
3. If amounts are listed in "Accumulated Funds" provide cross- reference to certified financial statement or Schedule 2b, if applicable.		
4. Attach a full and complete description of the assets to be sold, if applicable.		
<ul> <li>5. If amounts are listed in "Gifts (fundraising program)":</li> <li>Provide a breakdown of total amount expected, amount already raised, and any terms and conditions affixed to pledges.</li> <li>If a professional fundraiser has been engaged, submit fundraiser's contract and fundraising plan.</li> <li>Provide a history of recent fund drives, including amount pledged and amount collected</li> </ul>		

	N/A	Title of Attachment
<ul> <li>6. If amounts are listed in "Government Grants":</li> <li>List the grant programs which are to provide the funds with corresponding amounts. Include the date the application was submitted.</li> <li>Provide documentation of eligibility for the funds.</li> <li>Attach the name and telephone number of the contact person at the awarding Agency(ies).</li> </ul>		
7. If amounts are listed in "Other" attach a description of the source of financial support and documentation of its availability.	$\boxtimes$	
8. Current Department policy expects a minimum equity contribution of 10% of total project cost (Schedule 8b line 10)) for all Article 28 facilities with the exception of Residential Health Care Facilities that require 25% of total project cost (Schedule 8b, line 10). Public facilities require 0% equity.	$\boxtimes$	
9. Provide an equity analysis for member equity to be provided. Indicate if a member is providing a disproportionate share of equity. If disproportioned equity shares are provided by any member, check this box	$\boxtimes$	

#### C. Mortgage, Notes, or Bonds

	Total Project	Units
Interest		%
Term		Years
Payout Period		Years
Principal		\$

	N/A	Title of Attachment
<ol> <li>Attach a copy of a letter of interest from the intended source of permanent financing that indicates principal, interest, term, and payout period.</li> </ol>		
If New York State Dormitory Authority (DASNY) financing, then attach a copy of a letter from a mortgage banker.	$\boxtimes$	
Provide details of any DASNY bridge financing to HUD loan.	$\boxtimes$	
4. If the financing of this project becomes part of a larger overall financing, then a new business plan inclusive of a feasibility package for the overall financing will be required for DOH review prior to proceeding with the combined financing.	$\boxtimes$	

#### D. Land

Provide details for the land including but not limited to; appraised value, historical cost, and purchase price. See sample table below.

	Total Project
Appraised Value	\$
Historical Cost	\$
Purchase Price	\$
Other	

	N/A	Title of Attachment
1. If amounts are listed in "Other", attach documentation and a description as applicable.	$\boxtimes$	
2. Attach a copy of the Appraisal. Supply the appraised date and the name of the appraiser.	$\boxtimes$	
Submit a copy of the proposed purchase/option agreement.	$\boxtimes$	
Provide an affidavit indicating any and all relationships between seller and the proposed operator/owner.	$\boxtimes$	

#### E. Other

Provide listing and breakdown of other financing mechanisms.

	Total Project
Notes	
Stock	
Other	

	N/A	Title of Attachment
Attach documentation and a description of the method of financing	$\boxtimes$	

#### F. Refinancing

	N/A	Title of Attachment
Provide a breakdown of the terms of the refinancing, including principal, interest rate, and term remaining.		
2. Attach a description of the mortgage to be refinanced. Provide full details of the existing debt and refinancing plan inclusive of original and current amount, term, assumption date, and refinancing fees. The term of the debt to be refunded may not exceed the remaining average useful life of originally financed assets. If existing mortgage debt will not be refinanced, provide documentation of consent from existing lien holders of the proposed financing plan.	$\square$	

#### New York State Department of Health Certificate of Need Application Schedule 10 - Space & Construction Cost Distribution

For all Full or Administrative review applications, except Establishment-Only applications. New Construction and Renovation must be entered on separate sheets (see instructions in line 43). Codes for completing this table are found in the Functional Codes Lookups sheet (see tab below).

## Schedule 13 All Article 28 Facilities

#### **Contents:**

- Schedule 13 A Assurances
- o Schedule 13 B Staffing
- o Schedule 13 C Annual Operating Costs
- o Schedule 13 D Annual Operating Revenue

### Schedule 13 A. Assurances from Article 28 Applicants

Article 28 applicants seeking combined establishment and construction or construction-only approval must complete this schedule.

The undersigned, as a duly authorized representative of the applicant, hereby gives the following assurances:

- a) The applicant has or will have a fee simple or such other estate or interest in the site, including necessary easements and rights-of-way sufficient to assure use and possession for the purpose of the construction and operation of the facility.
- b) The applicant will obtain the approval of the Commissioner of Health of all required submissions, which shall conform to the standards of construction and equipment in Subchapter C of Title 10 (Health) of the Official Compilation of Codes, Rules and Regulations of the State of New York.
- c) The applicant will submit to the Commissioner of Health final working drawings and specifications, which shall conform to the standards of construction and equipment of Subchapter C of Title 10, prior to contracting for construction, unless otherwise provided for in Title 10.
- d) The applicant will cause the project to be completed in accordance with the application and approved plans and specifications.
- The applicant will provide and maintain competent and adequate architectural and/or engineering inspection at the construction site to ensure that the completed work conforms to the approved plans and specifications.
- f) If the project is an addition to a facility already in existence, upon completion of construction all patients shall be removed from areas of the facility that are not in compliance with pertinent provisions of Title 10, unless a waiver is granted by the Commissioner of Health, under Title 10.
- g) The facility will be operated and maintained in accordance with the standards prescribed by law.
- h) The applicant will comply with the provisions of the Public Health Law and the applicable provisions of Title 10 with respect to the operation of all established, existing medical facilities in which the applicant has a controlling interest.
- i) The applicant understands and recognizes that any approval of this application is not to be construed as an approval of, nor does it provide assurance of, reimbursement for any costs identified in the application. Reimbursement for all cost shall be in accordance with and subject to the provisions of Part 86 of Title 10.

## Schedule 13 B-3. AMBULATORY SURGERY CENTERS ONLY - Physician Commitments

Upload a spreadsheet or chart as an attachment to this Schedule of all practitioners, including surgeons, dentists, and podiatrists who have expressed an interest in practicing at the Center. The chart must include the information shown in the template below.

**Additionally,** upload copies of letters from each practitioner showing the number and types of procedures he/she expects to perform at the Center per year.

Practitioner's Name	License Number	Specialty/(s)	Board Certified or Eligible?	Expected Number of Procedures	Hospitals where Physician has Admitting Privileges	Title and File Name of attachment
---------------------	-------------------	---------------	------------------------------------	-------------------------------------	--	-----------------------------------

## **Schedule 13 C. Annual Operating Costs**

See "Schedules Required for Each Type of CON" to determine when this form is required. One schedule must be completed for the total project and one for each of the subprojects. Indicate which one is being reported by checking the appropriate box at the top of the schedule.

Use the below tables or upload a spreadsheet as an attachment to this Schedule that matches the structure of the tables (Attachment Title: ) to summarize the first and third full year's total cost for the categories, which are affected by this project. The first full year is defined as the first 12 months of full operation after project completion. Year 1 and 3 should represent projected total budgeted costs expressed in current year dollars. Additionally, you must upload the required attachments indicated below.

**Required Attachments** 

•		Title of Attachment	Filename of Attachment
1.	In an attachment, provide the basis for determining budgeted expenses, including details for how depreciation and rent / lease expenses were calculated.	Rent and Depreciation	Rent and Depreciation
2.	In a sperate attachment, provide the basis for interest cost. Separately identify, with supporting calculations, interest attributed to mortgages and working capital	n/a	n/a

6. Utilities			
7. Purchased Services	1962	17818	13997
8. Other Direct Expenses	1529	80000	84872
9. Subtotal (total 1-8)	184762	2035223	2565568
10. Interest (details required below)			
11. Depreciation (details required below)	0	1033107	1033107
12. Rent / Lease (details required below)	0	157500	161930
13. Total Outpatient Operating Costs	184762	3225830	3760605

Any approval of this application is not to be construed as an approval of any of the above indicated current or projected operating costs. Reimbursement of any such costs shall be in accordance with and subject to the provisions of Part 86 of 10 NYCRR. Approval of this application does not assure reimbursement of any of the costs indicated therein by payers under Title XIX of the Federal Social Security Act (Medicaid) or Article 43 of The State Insurance Law or by any other payers.

### Schedule 13D

### Schedule 13 D: Annual Operating Revenues

See "Schedules Required for Each Type of CON" to determine when this form is required. If required, one schedule must be completed for the total project and one for each of the subprojects. Indicate which one is being reported by checking the appropriate box at the top of the schedule.

Use the below tables or upload a spreadsheet as an attachment to this Schedule (Attachment Title:

) to summarize the current year's operating revenue, and the first and third year's budgeted operating revenue (after project completion) for the categories that are affected by this project.

Table 1. Enter the current year data in column 1. This should represent the total revenue for the last complete year before submitting the application, using audited data. Project the first and third year's total budgeted revenue in current year dollars

Tables 2a and 2b. Enter current year data in the appropriate block. This should represent revenue by payer for the last complete year before submitting the application, using audited data.

Indicate in the appropriate blocks total budgeted revenues (i.e., operating revenues by payer to be received during the first and third years of operation after project completion). As an attachment, provide documentation for the rates assumed for each payer. Where the project will result in a rate change, provide supporting calculations. For managed care, include rates and information from which the rates are derived, including payer, enrollees, and utilization assumptions.

The Total of Inpatient and Outpatient Services at the bottom of Tables 13D-2A and 13D-2B should equal the totals given on line 10 of Table 13D-1.

**Required Attachments** 

	N/A	Title of Attachment	Filename of Attachment
<ol> <li>Provide a cash flow analysis for the first year of operations after the changes proposed by the application, which identifies the amount of working capital, if any, needed to implement the project.</li> </ol>			
2. Provide the basis and supporting calculations for all utilization and revenues by payor.		Revenue Calculation	Revenue Calculation
3. Provide the basis for charity care revenue assumptions used in Year 1 and 3 Budgets ((Table 13D-2B). If less than 2%, provide a reason why a higher level of charity care cannot be achieved and remedies that will be implemented to increase charity care.	$\boxtimes$		

## **Table 13D - 1**

## Schedule 16 CON Forms Specific to Hospitals Article 28

### **Contents:**

- Schedule 16 A Hospital Program Information
- o Schedule 16 B Hospital Community Need
- Schedule 16 C Impact of CON Application on Hospital Operating Certificate
- Schedule 16 D Hospital Outpatient Departments
- Schedule 16 E Hospital Utilization
- Schedule 16 F Hospital Facility Access

## **Schedule 16 A. Hospital Program Information**

See "Schedules Required for Each Type of CON" to determine when this form is required.

**Instructions:** Briefly indicate how the facility intends to comply with state and federal regulations specific to the services requested, such as cardiac surgery, bone marrow transplants. For clinic services, please include the hours of service for each day of operation, name of the hospital providing back-up services (indicating the travel time and distance from the clinic) and how the facility intends to provide quality oversight including credentialing, utilization and quality assurance monitoring.

Strong Memorial Hospital (SMH) has well established policies and procedures in place to ensure compliance with all state and federal regulations. Additional oversight and monitoring of the clinical aspects of medical services are carried out through the SMH Quality Assurance/Quality Improvement process, consistent with the SMH Quality Plan. All SMH faculty provide the highest quality of care to its patients. Faculty and staff monitor and evaluate the quality and appropriateness of patient care and clinical performance, pursue opportunities to improve care and resolve identified problems.

The Office of Corporate Compliance promotes and supports a culture which builds compliance consciousness into daily activities and encourages all employees to conduct business with the highest standards of honesty and integrity. In turn, they implement and maintain a corporate compliance program to effectively monitor adherence to applicable statues, regulations, program requirements; and to correct non-compliance.

Additionally, the URMC Board has established the Audit & Risk Committee. The Committee has oversight responsibilities that are fulfilled by reviewing the procedures in place to assess and minimize significant risks, overseeing the quality and integrity of financial reporting practices (including the underlying system of internal controls, policies and procedures, regulatory compliance programs, and ethical code of conduct), and overseeing and advising the University of Rochester Medical Center Board and the University of Rochester Board of Trustees with respect to the overall audit process.

The hours of operation of the clinic will be Monday, Wednesday, and Friday from 7 am to 7 pm in years 1-2 then hopefully expand to Monday through Saturday in year 3.

For Hospital-Based -Ambulatory Surgery Projects:	
Please provide a list of ambulatory surgery categories you intend to pro	vide

ist of Proposed Ambulatory Surgery Category	

**Schedule 16A** 

	•		

For Hospital-Based -Ambulatory Surgery Projects: Please provide the following information:

Number and Type of Operating Rooms:

- Current:
- To be added:
- Total ORs upon Completion of the Project:

Number and Type of Procedure Rooms:

- Current:
- To be added:
- Total Procedure Rooms upon Completion of the Project:

### Schedule 16 B. Community Need

See "Schedules Required for Each Type of CON" to determine when this form is required.

### **Public Need Summary:**

Briefly summarize on this schedule why the project is needed. Use additional paper, as necessary. If the following items have been addressed in the project narrative, please cite the relevant section and pages.

1. Identify the relevant service area (e.g., Minor Civil Division(s), Census Tract(s), street boundaries, Zip Code(s), Health Professional Shortage Area (HPSA) etc.)

#### See Attachment L.

2. Provide a quantitative and qualitative description of the population to be served. Data may include median income, ethnicity, payor mix, etc.

### See Attachment L.

Document the current and projected demand for the proposed service in the population you
plan to serve. If the proposed service is covered by a DOH need methodology,
demonstrate how the proposed service is consistent with it.

## The anticipated volumes are presented in Schedule 16D.

4. (a) Describe how this project responds to and reflects the needs of the residents in the community you propose to serve.

The project will establish outpatient chronic dialysis treatment to ALC patients needing HD which will allow them to be placed at Skilled Nursing Facilities or return home depending on their situation. It will also provide an established routine for patients that no longer have the ability to dialyze in the local outpatient dialysis facilities. These patients currently come to the emergency department three times each week for treatment.

(b) Will the proposed project serve all patients needing care regardless of their ability to pay or the source of payment? If so, please provide such a statement.

The project will serve all patients needing care regardless of their ability to pay or the source of payment.

5. Describe where and how the population to be served currently receives the proposed services.

Services are currently provided on an inpatient basis to our ALC status patients as well as through the Emergency Department for patients that have no other options available to them for treatment.

Schedule 16B

6. Describe how the proposed services will be address specific health problems prevalent in the service area, including any special experience, programs or methods that will be implemented to address these health issues.

St. John's Chronic Dialysis unit will provide services to complex care patients that have a multitude of comorbidities and subacute healthcare needs that cannot be provided at other institutions. For example, potential patients requiring tracheostomy, Left-ventricular assistive devices (LVAD), neurological deficits (post-stroke, congenital neurological defects, etc.) in conjunction with chronic dialysis needs.

## ONLY for Hospital Applicants submitting Full Review CONs

	(a) Explain how the proposed project advances local Prevention Agenda priorities identified by the community in the most recently completed Community Health Improvement Plan (CHIP)/Community Service Plan (CSP). Do not submit the CSP. Please be specific in which priority(ies) is/are being addressed.
	(b) If the Project does not advance the local Prevention Agenda priorities, briefly summarize how you are advancing local Prevention Agenda priorities.
8.	Briefly describe what interventions you are implementing to support local Prevention Agenda goals.
9.	Has your organization engaged local community partners in its Prevention Agenda efforts, including the local health department and any local Prevention Agenda coalition?
10	. What data from the Prevention Agenda dashboard and/or other metrics are you using to track progress to advance local Prevention Agenda goals?
11.	In your most recent Schedule H form submitted to the IRS, did you report any Community Benefit spending in the Community Health Improvement Services category that supports local Prevention Agenda goals? (Y/N question)

## ONLY for Hospital Applicants submitting Full Review CONs

<ul><li><u>Public Hospitals</u></li><li>12. Briefly summarize how you are advancing local public health priorities identified by your local health department and other community partners.</li></ul>
13. Briefly describe what interventions you are implementing to support local public health priorities.
14. Have you engaged local community partners, including the local health department, in your efforts to address local public health priorities?
15. What data are you using to track progress in addressing local public health priorities?

Schedule 16C

The Sites Tab in NYSE-CON has replaced the Authorized Beds and Licensed Services Tables of Schedule 16C. The Authorized Beds and Licensed Services Tables in Schedule 16C are only to be used when submitting a Modification, in hardcopy, after approval or contingent approval.

## C. Impact of CON Application on Hospital Operating Certificate

**Note:** If the application involves an extension clinic, indicate which services should be added or removed from the certificate of the extension clinic alone, rather than for the hospital system as a whole. If multiple sites are involved, complete a separate 16C for each site.

### **END STAGE RENAL DISEASE (ESRD)**

TABLE 16C-3(a) CAPACITY	Existing	Add	Remove	Proposed
CHRONIC DIALYSIS	2	12		14

If application involves dialysis service with existing capacity, complete the following table:

TABLE 16C-3(b) TREATMENTS	Last 12 mos	2 years prior	3 years prior
CHRONIC DIALYSIS	400	611	607

## All Chronic Dialysis applicants must provide the following information in compliance with 10 NYCRR 670.6.

1. Provide a five-year analysis of projected costs and revenues that demonstrates that the proposed dialysis services will be utilized sufficiently to be financially feasible.

	Year 1	Year 2	Year 3	Year 4	Year 5
Total Revenue	1,243,213	1,280,509	2,637,563	2,716,689	2,798,189
Total Expenses	3,225,830	3,226,744	3,760,605	3,830,728	3,898,940

2. Provide evidence that the proposed dialysis services will enhance access to dialysis by patients, including members of medically underserved groups which have traditionally experienced difficulties obtaining access to health care, such as; racial and ethnic minorities, women, disabled persons, and residents of remote rural areas.

This unit is designed specifically to address this concern. Currently, there is a disparity of chronic dialysis care to underserved groups which rely solely on acute care facilities. This facility will have a liberal acceptance practice, taking in all patients that do not currently have outpatient chronic dialysis services. Our staff will be trained to treat medically complex conditions that are concurrent with ESRD. Most outpatient chronic dialysis units only provide hemodialysis services, and offer no other medical services that patients may need while receiving routine RRT. Our ability to provide these services will distinguish us and provide relief mechanism for the local health care network. We will utilize our partnership with St. John's Nursing Home and the affiliate hospitals to facilitate expedient and accessible care to these patient populations.

Provide evidence that the hours of operation and admission policy of the facility will promote the availability of dialysis at times preferred by the patients, particularly to enable patients to continue employment.

The hours of operation will be flexible in regard to the needs of the community. There will be a percentage of the population that does not work, as they will be St. John's Nursing Home residents, disabled, etc., thereby allowing us to accommodate those patients that are able to continue employment. Also, an independent facility such as the proposed St. John's Nursing Home unit will have more autonomy than the massive, corporate for-profit entities—meaning we could adjust the hours of operation to better serve the community without hinderance from an out-of-touch corporate headquarters.

4. Provide evidence that the facility is willing to and capable of safely serving patients.

We are successfully operating four acute hemodialysis programs and one chronic hemodialysis program. We have almost a decade of experience (UR Dialysis established in 2015) in managing these programs.

### Schedule 16C

5. Provide evidence that the proposed facility will not jeopardize the quality of care or the financial viability of existing dialysis facilities. This evidence should be derived from analysis of factors including, but not necessarily limited to current and projected referral and use patterns of both the proposed facility and existing facilities. A finding that the proposed facility will jeopardize the financial viability of one or more existing facilities will not of itself require a recommendation to of disapproval.

The evidence that our proposed facility will not jeopardize the quality of care or the financial viability of existing dialysis facilities lies in the fact that there are patients in our community without services that cannot (or will not) be accepted by other facilities. Our community lost a key dialysis facility when the unit at Monroe Community Hospital, operated by Fresenius Kidney Care, was permanently closed. Fresenius did its best to absorb those patients into other clinics. However, the Monroe Community Hospital clinic specialized in medically complex HD patients. Since it's closure, the role of the Monroe Community Hospital2 clinics to provide ESRD care for highly medically complex patients has fallen strictly on the acute dialysis facilities, which places an additional burden on the already overextended hospitals.

<sup>\*</sup>The 'Total' reported MUST be the SAME as those on Table 13D-4.

### Schedule 16 E. Utilization/discharge and patient days

See "Schedules Required for Each Type of CON" to determine when this form is required

This schedule is for hospital inpatient projects only. This schedule is required if hospital discharges or patient days will be affected by  $\pm$  5% or more, or if this utilization is created for the first time by your proposal.

Include only those areas affected by your project. Current year data, as shown in columns 1 and 2, should represent the last complete year before submitting the application. Enter the starting and ending month and year in the column heading.

Forecast the first and third years after project completion. The first year is the first twelve months of operation after project completion. Enter the starting and ending month and year being reported in the column headings.

For hospital establishment applications and major modernizations, submit a summary business plan to address operations of the facility upon project completion. All appropriate assumptions regarding market share, demand, utilization, payment source, revenue and expense levels, and related matters should be included. Also, include your strategic plan response to the escalating managed care environment. Provide a complete answer and indicate the hospital's current managed care situation, including identification of contracts and services.

NOTE: Prior versions of this table referred to "incremental" changes in discharges and days. The table now requires the full count of discharges and days.

Is your facility a recipient of federal assistance under Title VI or XVI of the Public Health Service? Act (Hill-Burton)?
Yes  No

If yes, answer the following questions and attach the most recent report on Hill-Burton compliance from the Federal Department of Health and Human Services.

## **Schedule 16F**

1.	Is your facility currently obligated to provide uncompensated service under the Public Health Service Act?
	Yes No No
	If yes, provide details on how your facility has met such requirement for the last three fiscal years - including notification of the requirement in a newspaper of general circulation. Also, list any restricted trusts and endowments that were used to provide free, below-cost or charity care services to persons unable to pay.
2.	With respect to all or any portion of the facility which has been constructed, modernized, or converted with Hill-Burton assistance, are the services provided therein available to all persons residing in your facility's service area without discrimination on the basis of race, color, national origin, creed, or any basis unrelated to an individual's need for the service or the availability of the needed service in the facility?
	Yes  No
	If no, provide an explanation.
3.	Does the facility have a policy or practice of admitting only those patients who are referred by physicians with staff privileges at the facility?
	Yes  No
4.	Do Medicaid beneficiaries have full access to all of your facility's health services?
	Yes No No
	If no, provide a list of services where access by Medicaid beneficiaries is denied or limited.
